### Terms & Conditions of the Ticket

Refund permitted - £10.00 cancellation fee

If the train for which the ticket purchased is cancelled or delayed by more than 60 minutes, special arrangements can be made to accommodate the customer(s) on another train (although seat cannot be guaranteed). If as a result, the customer decides not to travel, a refund will be offered by the Marketing Nottingham & Nottinghamshire on completely unused tickets and the customer will not be charged an administration fee.

### Changes to Time or Date of Travel

Changes to time or date of travel must be arranged before departure of the first reserved train printed on the ticket, after which the ticket has no value and a new one must be purchased. The customer will need to present the ticket(s) and reservation(s) when requesting a change.

Changes cannot be made on board trains. If a customer boards the train without a ticket and reservation for that service a new ticket must be purchased.

The origin, destination and train company or route shown on the ticket(s) must remain the same. The difference between the price paid and the cost of the next suitable fare for the customer journey is payable plus £10.00 administration fee per person, per single ticket for each change of the journey.

If changes are for a train on which a cheaper fare is available, the difference will not be refunded.

### **Validity**

### **Break of Journey**

Customers may not start, break and resume, or end their journey at any intermediate station.

### **Disruption**
